RE: Discontinuation of 2" Barbed Seam Plates

Effective immediately, Mule-Hide Products will no longer offer 2" Barbed Seam Plates for use with any of its roofing systems.

The **2.4" Seam Plates** will be required for use with all roofing systems including the application of the RMS.

Distributors and Sales Representatives should alert your contractors about this change.

Should you have any further questions, please contact me at my office in Beloit, WI at 1-800-786-1492, ext. 810.

Sincerely,  
MULE-HIDE PRODUCTS CO., INC.
