

MULE-HIDE TPO SPLIT PIPE SEALS

PRODUCT DESCRIPTION

TPO Split Pipe Seals are fabricated flashings made of 45-mil reinforced TPO-c membrane for pipes 1-inch (25.4 mm) to 6-inches (152.4 mm) in diameter. They are designed to add ease to the installation process while offering increased watertight security and improved aesthetics.

BASIC USES

The TPO Split Pipe Seals contains a split (cut) and overlap tab that allows the pipe-boot to be opened and wrapped around a round pipe with an obstruction. Such obstructions prevent the use of a standard pre-molded pipe boot.
